

Sept. 1st

$\frac{3}{4}$ or $\frac{4}{5}$ $\frac{3}{4} = .75$ $\frac{4}{5} = .80$

$\frac{1}{3}$ or $\frac{3}{5}$ $\frac{1}{3} = .33$ $\frac{3}{5} = .60$

this weekend I spent $\frac{1}{5}$ of my spending money on Food.

IF my allowance was \$100.00, how much did I spend on Food.
\$20

$100 \div 5$

How much money did I have left over.
\$80

$.75 \cdot 25$
